VESSEL AND MOORING SURVEY INSTRUCTIONS

This Vessel and Mooring (V&M) Survey is being conducted by BayLand Consultants & Designers, Inc. for the Anne Arundel County Department of Public Works as part of a dredging project for **Upper West/Johns Creek**. This survey should be completed for each spur applicant. The purpose of the survey is to obtain specific current and historic boat and mooring data that will be included in the permit application to provide support and justification for the project.

Please complete this survey as accurately as possible and bring to the spur application workshop.
